Dear Mr. Covey,

Thank you very much for your organizing software. We have started using it across our company and we are seeing great results already. Our time is being used much more effectively and we have become more productive.

Our employees' schedules are now linked by using the network tools included in the software. This has made scheduling meetings extremely easy and painless. Our employees have also found that it is much easier for them to find when other employees are available to discuss issues.

I am not sure why we waited so long to buy and install this software. Thank you for your help in the process. We would love to see other ways you could help us in the future.

Sincerely

Phil Rodin, President
