Our Vision - All students graduate and are prepared for a successful life.

Welcome New Sprague Olympians!

We want to welcome you to the 20-21 Virtual Orientation! This is not how we envisioned first connecting with you, but we are going to make the best out of our new virtual world. We look forward to getting to know you personally throughout the school year.

We understand the transition to a new school can be difficult. We want you to know that your feelings are valid and appreciated, and we are here to support you! We cannot wait to meet you and get to know you!

The following are links to see what your new school has to offer you!

CANVAS - Sprague teachers will use the Canvas learning management system (LMS), to create educational and collaborative content and to interact with students during distance learning. Canvas is a fairly intuitive system, and typically the information provided by your teachers will be more than enough on how to navigate your courses.

Below is what a typical weekly high school schedule might look like for a W/F cohort student. On Tuesdays and Thursdays students are expected to work independently to apply their learning, while on Wednesdays and Fridays those students will have teacher-facilitated learning days. For a Tu/Th cohort student those four days will be flipped.

It is important that students continue to be **O**wn their actions, **L**ive a life you're proud of and **Y**es to success!, while working through this distance learning environment.
